DETAILED ACTION

Allowable Subject Matter

1. Claims 8-22 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Regarding claims 8, 12-13, 17 and 21, the closest prior art issued to Kim fails to teach a data receiving apparatus and its corresponding method for automatically scheduling the recording of broadcast programs without user intervention in the scheduling process. Kim does not show *overlapped programs to broadcast in sequentially and repetitive transmission in groups over ones of multiple channels*, and furthermore, Kim does not further teach or suggest of *assigning a priority to a group of channels regarding as a hierarchical priority arrangement per the present invention, which means not only are individual programs/channels assigned a priority, but in addition the channels can be grouped and a priority assignment to the group itself*.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
